The FNB Wines2Whales was born out of the desire to create a world-class 3-day stage race in the Western Cape of South Africa.

Since inception in 2009, the three events, aptly named after the wines of the area, have become a must-do event on the mountain bike calendar with riders from the farthest reaches of the country and the world.

In 2023, the FNB Wines2Whales is switching back on itself and taking teams from the whales to the wines in the FNB Wines2Whales Switchback! But this is no simple route reversal, rather it is a re imagination of the route that offers incredible views, new trails, and completely different experiences to the original route.

As an official beneficiary, the Pebbles Project has three *Standard Tented Pinotage Entries (23 - 25 October 2023)*, and one sought after *Shiraz Entry (27 - 29 October 2023)*

We would like to encourage all rider teams to create an online fundraising campaign on the GivenGain Fundraising Platform in aid of The Pebbles Project and the work that we do.

This will allow us to raise additional funds needed to implement our programmes and initiatives specifically focusing on the rural farming community of the Hemel-en-Aarde Valley, near Hermanus.
